Greetings!

Welcome to our Level Rite Concrete newsletter! You have a front seat with our news and developments which relate to concrete lifting and our clean & seal service. Plus exciting happenings in our communities.

Whether you are having a beautiful new concrete driveway poured or you already have one, it's important that you protect and maintain your investment. A good sealer will keep your driveway looking great for many years, or rejuvenate an existing surface. Sealing a concrete driveway can be compared to waxing your car, wearing sunscreen or spraying Scotchgard™ on your favorite shirt. A sealer will improve your driveway's appearance, keep UV rays from causing it to fade and protect it from stains. Call us today (219.765.3690) and we can schedule your free estimate.

Our 10% off special on our Clean & Seal service is still available! I know you want to protect your driveway vs. completely replacing it. Read below to learn all about our Clean and Seal special. You will want to get on our schedule to protect your concrete from the Winter elements! Call us today! 219.765.3690

Sealing Concrete & Cracks

Does your driveway/sidewalks look like this? Give us a call 219.765.3690 to professionally seal your joints to prevent further

erosion of your soil!

Keeping a good sealer on your concrete and commercial grade caulk in your cracks prolongs the life and look of the concrete. Sealer helps prevent the concrete from pitting or spalling (when small pieces of the surface come off). Horizontal concrete surfaces should be cleaned and sealed every few years to protect them from moisture and salt. ALL cracks should be sealed to prevent them from filling with water during rain. We recommend backer rod then commercial grade caulk. This will also form a seal to minimize drafts, soil erosion and insect infestation.

Don't let your cracks look like this. CALL US for a free estimate and prepare yourself for Winter. Make your concrete happy!

Clean and Seal SPECIAL

10% Off Clean and Seal Service

Find out what many already know, Level Rite Concrete can clean and seal your concrete! We use a sealer that will protect your concrete surfaces from the effects of exposure that cause the damage: severe conditions like rainwater, repeated melting and freezing, and road salts, or de-icers. We will seal the surface, and infiltrate the pores of the concrete, keeping these conditions from further damaging your concrete. This product will eliminate many concrete problems, but will not change the appearance or the texture of the surface. It also will not discolor the concrete, or cause it to be slippery. Your concrete will be easier to clean, is salt, UV, and stain resistant, and environmentally responsible.

Call us today 219.765.3690! Click [here](#) to learn about our cleaning and sealing service!

National Night Out (Munster, IN)

THANK YOU to the many residents, businesses, community service organizations, faith-based groups, public safety personnel, and student groups who participated in Munster's National Night Out Against Crime Celebration. And a very special THANK YOU to Greg Kaplan of Krazy Kaplan's Fireworks for his sponsorship of an awesome fireworks show at the conclusion of the event, and to our many event sponsors. It was an awesome event attended by so many from our community. Another great highlight - please join me in congratulating our 2016 Citizenship Award Winners: Mari Casas, Dianne Kowalski (Special Recognition Award), Heidi Dabrowski, Anthony Labeots. Not Pictured: Kristen Gloff. Save the date: Tuesday, August 2, 2017 for our next Munster National Night Out!

Annual Steak and Chicken Grill Event (Munster, IN)

THANK YOU to the 800+ of you who came out to support the Munster Lions Club for our annual Steak and Chicken Grill. This directly benefited our club and the Munster Community. It was great to see so many from Northwest Indiana come out and enjoy a great meal and have a great time while supporting our community! Thank you again! Save the date: Saturday, August 5, 2017 is our next Steak and Chicken Grill!

"Steel City Rebirth" Exciting Times For Gary Indiana (Crown Point, IN)

We had the pleasure to participate in a Morning Business Hour featuring Mayor of Gary, IN Karen Freeman-Wilson. Thank you Andrew Kyles, VP, at First Financial Bank for hosting this awesome coffee, business and networking hour! What an interesting lady Mayor Freeman-Wilson is! Karen has been mayor to her hometown of Gary, Indiana since January 2012. Mayor Freeman-Wilson is the first female to lead the "Steel City" and the first African-American female mayor in the state of Indiana. She has served the public for most of her professional life. She was previously the Indiana Attorney General, Director of Indiana Civil Rights Commission and the presiding judge of the Gary City Court.

She is also a leader in the national drug court movement having served as the CEO of the National Association of Drug Court Professionals and Executive Director of the National Drug Court Institute. She is a very impressive, accomplished and super smart lady!

What really impressed me about Mayor Freeman-Wilson is that she totally understands the value of partners and she wants to improve the quality of life for the residents of Gary IN. Both very strong pieces for the rebirth of a classic city. Mayor Freeman-Wilson is empowering citizens for civic engagement. The residents of Gary IN have to be an active part for the growth and rebirth of the City of Gary. And in the same breath because of residential and business civic engagement she is doing more with less. In 2006 they employed 150 people, now in 2016 23. With the regular help of their residents and business owners all kept informed with regular public meetings and an online application to share concerns. She has an open door policy that is stellar and will always take the time to talk to anyone.

She does recognize that Gary IN has vacant and abandoned buildings. It's a concern. They are in the process of deconstructing and demolishing them to repurpose the land. Along with that there is a strong crime fighting strategy in place that includes neighborhood watch groups and many strong activities for young people to help create a good path for kids. The Gary IN Education system has been a good partner to provide support and safe infrastructure out of school. It is Mayor Freeman-Wilson's goal to provide a better educational environment for our children.

As challenging as Mayor Freeman-Wilson days are, she says it is so much more rewarding as we begin to realize opportunities in the community. There are many successes on the horizon for the City of Gary, IN. So excited for what is to come with an awesome leader in place.

Farmers' Market (St. John, IN)

We love Sunday's! Come see us at the St. John farmers' market 8 AM - 1 PM. Want to learn how to make your concrete happy? Need fruits and vegetables to buy? We've got it all here so come visit we will be there again Sunday, September 18 and Sunday, October 9.

Why have a concrete sidewalk look like this?
